Section 1 – Introduction

This directory provides a list of Blue Cross and Blue Shield of Kansas's Medicare Advantage network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

You can choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP can help direct your health care needs.

Your PCP can also coordinate other covered services you might need such as:

- X-rays
- Laboratory tests
- Outpatient physical therapy
- Hospital admissions

The network providers listed in this directory have agreed to provide you with health care services. You may go to any of our network providers listed in this directory.

Out-of-network providers are under no obligation to treat Blue Cross and Blue Shield of Kansas Medicare Advantage enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at 800-222-7645 TTY: 711, Monday through Friday 8:00 a.m. to 8:00 p.m. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

In cases where out-of-network providers submit a bill directly to you, do **not** pay the bill. Submit the bill to Blue Cross and Blue Shield of Kansas for processing and determination of enrollee liability, if any.

You may obtain emergency services from the closest available provider, and may obtain urgently needed services from any qualified provider when out of the plan's service area or when network providers are unavailable.

Except for emergencies, it may cost more to get care from out-of-network providers.
